Re: Capital Construction Inc.
Scott Y Cho, President

To Whom It May Concern:

I am writing this on behalf of Capital Constructions Inc. and Scott Cho their President. We have been distributing product to this group since 1998 and have had great success with them. Their professionalism has allowed us at Mid South Building Supply, Inc to refer them to many builders in the Northern Virginia area.

We have seen substantial growth within their organization and at the same time the ability to maintain their account and keep it in current status with us at all time.

Please feel free to contact me with any questions you may have regarding Scott and Capital Construction Inc.

Thank you,

Erich Leuck
