RE: Letter of Reference  
Quantico Family Housing Project  
Clark Project # 10-548

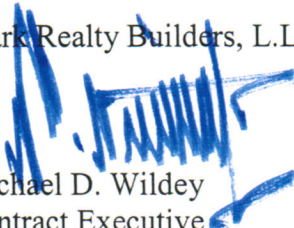

To Whom It May Concern:

Capital Construction of America, Inc. has successfully performed for Clark Realty Builders as the siding installer on the Quantico Family Housing project. The project is a public-private venture between the Department of the Navy and Hunt, Lincoln, and Clark. It is 8 neighborhoods comprised of 993 new units, 141 apartment conversions, and 3 renovations. The total project duration is 4.5 years. Since their start in 2005, Clark has found Capital Construction to be a professional, conscientious, and quality-oriented organization.

We will continue to look to Capital Construction to meet our siding needs.

Sincerely,

Clark Realty Builders, L.L.C.

  
Michael D. Wildey  
Contract Executive
